Education

- **Sigma Institute of Engineering (2021 - 2024)**
Software engineering in diploma. At baroda, near ajva nimeta road.
- **Diwan Ballubhai Madhyamik School (2019 - 2021)**
Gujarati medium school secondary, near kankariya ahmedabad.
From standard nine to ten.
- **Diwan Ballubhai Prathmik School (2011 - 2019)**
Gujarati medium school, near kankariya ahmedabad.
From standard one to eight.

Work

- **Dangee Dums (2024 - Present)**
 - Currently working as billing data manage team in dangee dums company
 - Our team manage data of created bills from 47 outlets all over the gujarat
 - Sometimes we manage CRM orders and server of billing software and transfer wrong punch of bills to deduction of outlet or team.

skill

- Currently learning java backend devlopement and fimilar with html, css scripts and want to learn as much as possible in c, c++ and java or python. One of my skill or advantage is i learn things very quickly and understand it first how things work step by step and in the future want to work in strong environment

Self-evaluation

- One of my disadvantage is i hesitate to speak up or ask question in class or group settings but i am pushing my self to be more confident because in the future i want become skilled developer and want to take small responsibility like lead a team or project, to do that i need to improve myself and I can do it.

Soft Skill

- Communication
- Teamwork
- Time Management
- Positive Attitude
- Attention To Details
